Plumbing leaks are common and destructive, striking 1 in 12 homes per year and costing \$10 billion in insurance claims in the USA alone. And since even the smallest leak can release thousands of gallons over time, it's smart to install a FloLogic System for its exclusive real-time leak detection; detecting and automatically stopping all leaks, including pinhole leaks.

Lie detection is an assessment of a verbal statement with the goal to reveal a possible intentional deceit. Lie detection may refer to a cognitive process of detecting deception by evaluating message content as well as non-verbal cues. It also may refer to questioning techniques used along with technology that record physiological functions to ascertain truth and falsehood in response.

What is infrared? Infrared energy is part of the electromagnetic spectrum and behaves similarly to visible light. It travels through space at the speed of light and can be reflected, refracted, absorbed, and emitted. The wavelength of IR energy is about an order of magnitude longer than visible light, between 0.7 and 1000 μm (millionths of a meter).
