Stackify was founded in 2012 with the goal to create an easy to use set of tools for developers to improve their applications. Now over 1000 organizations in nearly 50 countries rely on Stackify's tools to provide critical application performance and code insights so they can deploy better applications faster.

Java Developer Skills: Most Important Ranked By IT Leaders

==tests for reference equality (whether they are the same object)..equals() tests for value equality (whether they are logically "equal"). Objects.equals() checks for null before calling .equals() so you don't have to (available as of JDK7, also available in Guava). String.contentEquals() compares the content of the String with the content of any CharSequence (available since Java 1.5).

How do I compare strings in Java? - Stack Overflow

Learning Modern Java: A Tutorial Using Java 8 A Fast-Moving Guide to Java Programming for Experienced Developers Interested in training from the author of these tutorials? See the upcoming Maryland courses on Java 8 programming (for those new to Java) and Java 8 lambdas and streams (for those that know earlier Java versions). Co-sponsored by Johns Hopkins Engineering for Professionals.

What is Dependency Injection C#? Examples, Tutorials & More

A NoSQL (originally referring to "non SQL" or "non relational") database provides a mechanism for storage and retrieval of data that is modeled in means other than the tabular relations used in relational databases. Such databases have existed since the late 1960s, but did not obtain the "NoSQL" moniker until a surge of popularity in the early 21st century, triggered by the needs of Web 2.0 ...

NoSQL - Wikipedia

A shared library or shared object is a file that is intended to be shared by executable files and further shared object files. Modules used by a program are loaded from individual shared objects into memory at load time or run time, rather than being copied by a linker when it creates a single monolithic executable file for the program.. Shared libraries can be statically linked, meaning that ...
