Ask your unique question using the form below; Common Questions About Cheap Chinese Scooters. Question: Why are Chinese scooters such cheap scooters? Answer: It could be that production costs in a country where scooters have been mainstream for decades are just lower. But it could also be that the manufacturer has used cheap, poor quality parts that won't hold up over the long run.

The STAThreadAttribute is essentially a requirement for the Windows message pump to communicate with COM components. Although core Windows Forms does not use COM, many components of the OS such as system dialogs do use this technology. MSDN explains the reason in slightly more detail: STAThreadAttribute indicates that the COM threading model for the application is single-threaded apartment.
