Roger CPA Review and Wiley CPAexcel are both industry-leading CPA exam study guides that many candidates struggle to decide between. They both offer similar features, but the courses in and of themselves could not be more different. For instance, both CPA exam prep courses offer test banks, video lectures, study books, and practice questions. So which course is better?

In statistics, a full factorial experiment is an experiment whose design consists of two or more factors, each with discrete possible values or "levels", and whose experimental units take on all possible combinations of these levels across all such factors. A full factorial design may also be called a fully crossed design. Such an experiment allows the investigator to study the effect of each ...
