In New York State, Regents Examinations are statewide standardized examinations in core high school subjects required for a certain Regents Diploma to graduate. To graduate, students are required to have earned appropriate credits in a number of specific subjects by passing year-long or half-year courses, after which they must pass at least five Regents examinations in some of the subject areas.

Radioactive adipic acid was fed to fasted experimental rats and the metabolic products identified in the urine were urea, glutamic acid, lactic acid, beta-ketoadipic acid, and citric acid. The presence of beta-ketoadipic acid provided some evidence that adipic acid is metabolized by beta-oxidation in much the same fashion as fatty acids. Further evidence was provided by the appearance of ...
