The Foundation of Science. The Bible is the foundation for science. Non-Christians must borrow biblical ideas—such as an orderly universe that obeys laws—in order to do science.

### **Science | Answers in Genesis**

What is science? Science is the concerted human effort to understand, or to understand better, the history of the natural world and how the natural world works, with observable physical evidence as the basis of that understanding 1.It is done through observation of natural phenomena, and/or through experimentation that tries to simulate natural processes under controlled conditions.
