Sacrifice was a religious activity in Maya culture, involving either the killing of animals or the bloodletting by members of the community, in rituals superintended by priests. Sacrifice has been a feature of almost all pre-modern societies at some stage of their development and for broadly the same reason: to propitiate or fulfill a perceived obligation towards the gods

Corban Yaxley was a Dark wizard and a Death Eater who fought during the First Wizarding War. Yaxley did not search for Voldemort after his first downfall, but this was forgiven after Voldemort's return in 1995. Yaxley also fought at several battles of the Second Wizarding War, such as the Battle...

Creationists often argue that evolutionary processes cannot create new information, or that evolution has no practical benefits. This article disproves those claims by describing the explosive growth and widespread applications of genetic algorithms, a computing technique based on principles of biological evolution.
