χ^2 (chi squared) - This is just the name of the analysis. Σ - This is an operator that says to sum all the values to the right. o - These are values you measure or observe.

A.P. Biology - phsgirard.org

Credits: 1. Prerequisite: Middle school biology and chemistry. Recommended: 9th or 10th Test Prep: CLEP Biology This course covers the basic material for this exam, but this is considered a very hard test, and I would suspect more will need to be studied to learn everything required for this huge exam. It's worth the same as two college courses which is why it covers so much.
