Community assessment: application to community/public health nursing practice. Assessment, the first step of the nursing process, forms the foundation for determining the client's health, regardless of whether the client is an individual, a family, or a community. Nurses gather information by using their senses, as well as their cognition, past experiences, and specific tools.

What do geography degrees cover? The geography topics you cover will largely depend on whether you've opted for a degree focused on physical geography or human geography, though at undergraduate (bachelor's) level it is often possible to cover aspects of both before choosing a specialization. Human geography is concerned with the study of human societies – how they operate, develop, and ...
