Link to Departments website. The major in Accounting at UGA is designed to give students an understanding of the theory of accounting as it is used in our society: accounting standards, financial statement preparation, product costs, budgeting, taxation, auditing, risk assessment, and controls.

University of Georgia

1. What Is Macroeconomics? Microeconomics is the study of the behavior of individual economic agents. Microeconomics asks how individuals allocate their time, income and wealth among various opportunities for labor, leisure, consumption, and savings.

Macroeconomics - 1. An Overview of Macroeconomics

Economics is a behavioral science which focuses on how human beings allocate their scarce resources. An education in economics prepares students for a wide variety of careers in both the private and public sectors, as well as providing an excellent foundation for law school or other advanced degree work.
