In Answer to Critics by Pastor Arnold B. Murray I make it a policy to never mention individual denominations, groups or single out individuals by name; however, since 1991 several so called "Christian Research" organizations have willingly quoted each others falsehoods and labels, without direct research, until they are blindly printing outright lies. This has gone on long enough now that I

The Turing test, developed by Alan Turing in 1950, is a test of a machine's ability to exhibit intelligent behaviour equivalent to, or indistinguishable from, that of a human. Turing proposed that a human evaluator would judge natural language conversations between a human and a machine designed to generate human-like responses. The evaluator would be aware that one of the two partners in ...
