This research examines relationships between individuals' perceived psychological safety and engagement in their work. Kahn (1990) effectively launched this stream with his qualitative studies, noted above, of conditions enabling people to personally engage or disengage at work. More recently, Kark & Carmeli (2009) examined the affective components of psychological safety and argued that ...

Introduction. As I have previously discussed, belief that the earth is flat has rapidly grown of late, largely through dissemination via countless Internet sites and the influence of social media. Unfortunately, many Christians have fallen prey to this, misled into believing that the Bible teaches the earth is flat and that, until five centuries ago, the church likewise taught that the earth is ...
