Credits: 1. Prerequisite: Middle school biology and chemistry. Recommended: 9th or 10th Test Prep: CLEP Biology This course covers the basic material for this exam, but this is considered a very hard test, and I would suspect more will need to be studied to learn everything required for this huge exam. It's worth the same as two college courses which is why it covers so much.

I've certainly encountered this and I've noticed it's to do with the relative positioning of the dates compared to the speaker, not other dates.. I think I'll find this easier with an example and an illustration: Given a person on a date, say the 1st September, place all of the relevant dates on imaginary pieces of card in straight lines in front and behind them representing future and past.
