As we're told that BD is a diameter of the circle, we know that triangle BAD is confined within the semi-circle. So, we can use the circle theorem that tells us the angle in a semi-circle is a right-angle to deduce that  $\angle BAD = 90^\circ$ . The question is asking for angle CBA, and now we know the other two angles in the triangle we can use the fact that angles in a triangle add ...

Shirley Bennett, née Edwards (Yvette Nicole Brown), (main cast seasons 1–5, guest season 6) is a mother of three who attends Greendale Community College. At Greendale, Shirley is taking classes which will allow her to market her baked goods, specifically her famous brownies. She is proud to be an African American and a woman but appreciates not being defined by those characteristics.

Sports drinks and caffeinated energy drinks (CEDs) are commonly consumed by youth. Both sports drinks and CEDs pose potential risks for the health of children and adolescents and may contribute to obesity. Sports drinks are generally unnecessary for children engaged in routine or play-based physical activity. CEDs may affect children and adolescents more than adults because they weigh less and ...
