WebAssign is built to withstand the rigors of teaching calculus to today's students. Our patent-pending grading engine works like a real professor and recognizes all algebraically equivalent answers to even the most complex problems.

Calculus - WebAssign

Whenever possible, repeat a measurement several times and average the results. This average is generally the best estimate of the "true" value (unless the data set is skewed by one or more outliers which should be examined to determine if they are bad data points that should be omitted from the average or valid measurements that require further investigation).
