The Biology Project: Biochemistry

Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.

ANSWER: The catacombs were underground burial places in which Christians hid from the persecutions of the Roman emperors. During the first 200 years of Christianity, over 6 million Christians were entombed within the catacombs of Rome. - murdered. How many more were buried within the other unexplored catacombs is difficult to say.
