Marx, Durkheim and Weber are dead sociologists, but Bauman and May are still with us. Bauman and May's way of thinking sociologically is to consider our individual actions as part of webs of interdependency between people. They conceptualise an interplay between our actions and what, at one point, they call the structure of the world. The book starts with social action and webs of ...

Critical legal studies (CLS) is a school of critical theory that first emerged as a movement in the United States during the 1970s. Critical Legal Studies adherents claim that laws are used to maintain the status quo of society's power structures; it is also held that the law is a codified form of society's biases against marginalized groups. Despite wide variation in the opinions of critical ...

In sociology, rationalization (or rationalisation) is the replacement of traditions, values, and emotions as motivators for behavior in society with concepts based on rationality and reason. For example, the implementation of bureaucracies in government is a kind of rationalization, as is the construction of high-efficiency living spaces in architecture and urban planning.

Method. In an original survey of U.S. adults (N = 1310), we modeled self-reported overconfidence as a function of responses to a knowledge test about the causes of autism, and the endorsement of misinformation about a link between vaccines and autism. We then modeled anti-vaccination policy support and attitudes toward the role that experts play in the policymaking process as a function of ...
