Almost all 4-year colleges and universities across the country accept SAT & ACT results interchangeably and give equal weight to each exam. Since achieving an A at one school may not represent the same level of work and knowledge as achieving an A at another, colleges use standardized test scores as a way to evaluate candidates on an equal playing field.

The Turing test, developed by Alan Turing in 1950, is a test of a machine's ability to exhibit intelligent behaviour equivalent to, or indistinguishable from, that of a human. Turing proposed that a human evaluator would judge natural language conversations between a human and a machine designed to generate human-like responses. The evaluator would be aware that one of the two partners in ...
