This comprehensive program includes specific nursing courses as well as core course requirements in the areas of communication, science, math and social science.

### **Nursing - Associate Degree - Northeast Iowa Community College**

This established the first strong link between early cognitive development and the functions of a specific brain region. That gave encouragement to others that rigorous experimental work addressing brain-behavior relations was possible in infants. It also fundamentally altered the scientific understanding of PFC early in development; clearly it was not silent as accepted wisdom had held.
