Aesthetics (/ ɛ s ' θ ɛ t ɪ k s, iː s-, æ s-/) is a branch of philosophy that deals with the nature of art, beauty and taste and with the creation or appreciation of beauty.. In its more technical epistemological perspective, it is defined as the study of subjective and sensori-emotional values, or sometimes called judgments of sentiment and taste. Aesthetics studies how artists imagine ...

The Problem Few other subjects in school take the trouble to help students learn how to generate original ideas, designs, and composition. In art class, even though the ability to generate ideas is central to the process of art and central to the success of artists, many art teachers do not realize that idea generation can be intentionally taught.

The aim of this paper is to advance research on sustainable innovation by adopting a business model perspective. Through a confrontation of the literature on both topics we find that research on sustainable innovation has tended to neglect the way in which firms need to combine a value proposition, the organization of the upstream and downstream value chain and a financial model in order to ...
