About these materials. These lesson-by-lesson answer keys for Progress in Irish have been used by countless students in New England-area Irish classes since 1989, and have been gradually "proofread" through the years. They may, however, still contain the occasional error, and if you find any, please let us know.

As you probably remember from lesson 1, PHP is all about writing commands to a server. So let's write a command to the server. First, we need to tell the server when the PHP will start and end. In PHP you use the tags `<?php` and `?>` to mark the start and end for the PHP codes that the server must execute (on most servers it will be sufficient to use just `<?` as start tag, but `<?php` is the most ...

It is the same when we multiply binomials! Instead of Alice and Betty, let's just use a and b, and Charles and David can be c and d:. We can multiply them in any order so long as each of the first

two terms gets multiplied by each of the second two terms.. But there is a handy way to help us remember to multiply each term called "FOIL".It stands for "Firsts, Outers, Inners, Lasts":

Earlier in Lesson 6, four kinematic equations were introduced and discussed. A useful problem-solving strategy was presented for use with these equations and two examples were given that illustrated the use of the strategy. Then, the application of the kinematic equations and the problem-solving strategy to free-fall motion was discussed and illustrated.

71 Lesson 3 Food Power Balanced Diet Theme In this lesson students read an article on nutrition and apply the information contained in the article to categorize foods and plan menus.

### **Lesson 3 - Planet Health**

"I grew up an Army brat and now am an old man but I salute every member of the armed forces today. When I think of the sacrifices made by generations of Americans, I grieve to see our nation going down the slippery slope of losing what they fought for—our freedoms, and facing the threat of nuclear war. What is wrong with our politics?"
