Apollo 13 Answers

Parents need to know that it's a good idea to prepare younger kids beforehand by telling them what Apollo 13 is about; you may want to reassure them, since it is a true story, that the astronauts end up coming home all right. Be prepared for some very tense scenes when the characters are in peril, and note that everyone in Mission Control is a white male (and they smoke a fair bit, which is ...

This brings up the logical follow up question- when it got cold, why didn't they just use their space suits to keep warm? In search of a definitive answer, we discovered a variety of speculative explanations online, many of which get surprisingly technical and ultra specific, despite that nobody was using a definitive source and were simply speculating.

Moon landing conspiracy theories claim that some or all elements of the Apollo program and the associated Moon landings were hoaxes staged by NASA, possibly with the aid of other organizations. The most notable claim is that the six manned landings (1969–72) were faked and that 12 Apollo astronauts did not actually walk on the Moon. Various groups and individuals have made claims since the mid ...
