The Federal Art Project (1935-43) was a New Deal program to fund the visual arts in the United States. Under national director Holger Cahill, it was one of five Federal Project Number One projects sponsored by the Works Progress Administration (WPA), and the largest of the New Deal art projects. It was created not as a cultural activity but as a relief measure to employ artists and artisans ...

Child pornography is pornography that exploits children for sexual stimulation. It may be produced with the direct involvement or sexual assault of a child (also known as child sexual abuse images) or it may be simulated child pornography. Abuse of the child occurs during the sexual acts or lascivious exhibitions of genitals or pubic areas which are recorded in the production of child pornography.
