Answers To Text Discussion Questions

U.S. President Donald Trump answered a series of questions for special counsel Robert Mueller's investigation into Russian interference.. In the written answers, included in the redacted report ...

Full text: Trump's answers to Mueller investigation questions

Citing dozens of answers that Mueller's team considered incomplete, imprecise or unable to be provided because of the president's lack of recollections — for instance, the president gave no response at all to the final set of questions — the special counsel's office again sought an in-person interview with Trump that he again declined.

Bible Questions Answered

Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.

To be quite honest, regular expressions are not the best idea for this type of parsing. The regular expression you posted will probably work great for simple cases, but if things get more complex you are going to have huge problems (same reason why you cant reliably parse HTML with regular expressions).
