As a piano teacher (as well as keyboard) I get asked this question a lot, and it's quite easy to answer in regards to the playing style, but there is sometimes a difference in opinion when it comes to which is the better instrument to play (or the harder). Firstly, the difference in playing styles [...]

In the Android NDK there is a san-angeles demo under the samples directory which shows off using OpenGL ES 1.x in C code and a Java wrapper. As for changes to already existing C++ code be aware that there is no official STL implementation for the NDK r4 (although I believe there are some ports available) [edit: as of NDK r5 there is a STLport based implementation of STL].
