Performance assessment, also known as alternative or authentic assessment, is a form of testing that requires students to perform a task rather than select an answer from a ready-made list. For example, a student may be asked to explain historical events, generate scientific hypotheses, solve math problems, converse in a foreign language, or conduct research on an assigned topic.

There are many different forms of formative assessment. Some are traditional with right and wrong answers, others are creative and allow the students to express their understanding of a topic rather than answering questions created by the teacher. Different types of assessment are useful for assessing different types of objectives.
