KU's programs are nationally recognized for excellence as a leader in education and research in the field. The KU Department of Physical Therapy and Rehabilitation Science is located on the University of Kansas Medical Center campus in Kansas City, Kan.

What is a physical therapist? - University of Kansas Hospital

Basic heart functions. The heart comprises four chambers: two upper chambers (atria) and two lower chambers (ventricles). The heart's natural pacemaker, the sinoatrial node (SA node), is a tiny collection of cells located in the right atrium that produces each heartbeat.. The SA node generates the electrical signals that control the speed (heart rate) and pattern (rhythm) of the heartbeats.

Tachycardia | Types, Causes, Symptoms and Treatment

In dogs, balanoposthitis is caused by a disruption in the integumentary system, such as a wound or intrusion of a foreign body. A dog with this condition behaves normally, with the exception of excessive licking at the prepuce, and a yellow green, pus-like discharge is usually present. In sheep (rams/wethers), ulcerative enzootic balanoposthitis is caused by the *Corynebacterium renale* group (C ...
