I've just finished my first "real" APEX app but it's looking a bit messy. Is there any way I can renumber the pages so that they're back in order of the application flow? Thanks in advance, Matt

How to renumber pages in an Oracle APEX application ...

An electrode is strip of metal on which the reaction takes place. In a voltaic cell, the oxidation and reduction of metals occurs at the electrodes. There are two electrodes in a voltaic cell, one in each half-cell. The cathode is where reduction takes place and oxidation takes place at the anode. So, the answer is A. anode

In a voltaic cell, where does the oxidation take place? a ...

i686 is the 32-bit version, and x86_64 is the 64-bit version of the OS. The 64-bit version will scale with memory better, particularly for workloads like large databases which need to use lots of ram in the same process.

architecture - What is the difference between i686 and x86 ...

The Earth's climate has changed throughout history. Just in the last 650,000 years there have been seven cycles of glacial advance and retreat, with the abrupt end of the last ice age about 7,000 years ago marking the beginning of the modern climate era — and of human civilization.
