April 20, 2018 Three of the top five "most promising" jobs in the United States this year are high-tech data positions. But not every role on an analytics team requires a math or science degree. "In

fact, in the role of a translator, having a computer background can go against you,” says Prudencio Pedrosa Grandes, a partner based in Madrid who holds degrees in economics and business.

The new analytics translator: From big data to big ideas ...

Tracy Vogel said... WOW! I just started teaching 2nd this year and absolutely LOVE your organization and games ideas! I just printed out all of it and was wondering if you would post or email me the pdf for just the titles of the games, so I can post them on the front the way you did and they all match.

Serenade to Second Grade: Math Games Galore

Deborah, I teach guided math groups and I always do a short introduction to the lesson as a whole group. My most-responsible and advanced students begin groups at the Journal/Independent work center.
