CTI Phone Systems and CTI Software - Call Center Technology

A voicemail greeting is a statement of who you are and what your company values. A short and abrupt voicemail greeting doesn't create a good first impression, and a long, drawn-out greeting frustrates callers. Try to get to the point efficiently: state who you are, the name of the company, and why you're not able to answer the call (out of office, on another call, away for a period of time).

An automatic dialer (auto dialer, auto-dialer, autodialer) is an electronic device or software that automatically dials telephone numbers. Once the call has been answered, the autodialer either plays a recorded message or connects the call to a live person. When an autodialer plays a pre-recorded message, it is often called voice broadcasting, or robocalling.

Auto dialer - Wikipedia
